- Language of implementation- Asp.Net with C# (.Net 2010)
- Operating system- Windows & or higher
- Database System : MS-SQL Server 2008
- Documentation Tool : MS - Word 2010
- Description-

Campus Recruitment System (CRS) is web-based tool to reduce communication gap between Job providers and Job seekers.

The Main objective of this solution is to make easy the recruitment process of any organization. This Campus Recruitment System is designed by keeping in mind both parties Job providers and Job seekers. Campus Recruitment System allows Job seekers to register their details like skills and experience with the system, and then on the other hand even it allows job providers to post their requirements with the system.

Campus Recruitment system is helpful for the job providers i.e. companies which are in need of employees, job seekers who are in need of job, (for both Experienced and fresher's). This portals main aim is to provide the vacancies available for the job seekers without taking any charge from them in IT technologies. Campus Recruitment System will automatically send mails to all job seekers whose skills are matched with the requirement.
