  - A.QTP (HP Products),**
  - B.Selenium Webdriver(Using Java)**
- ❖ Knowledge of scripting languages:
  - A.VB Scripting**
  - B.java Script**

- ❖ Possessing good analysis skills

**Certifications****Done**

- ❖ Have completed **Certification in Software testing** from **Sathya Technologies,Hydrabad**
- ❖ Have cleared **International Software Testing Qualification Board(ISTQB) Foundation-Level(CTFL)** exam with **Distinction**

**Technical Skills**

<b>Operating Systems</b>	Win XP/98/2003,Vista,Windows7,Windows2008,UNIX(Basics)
<b>Software Testing:</b>	Web Application Testing ,Integration Testing, System Testing, Regression Testing, Functional Testing, , Smoke Testing, Sometimes Writing Test Cases, Track and Report the defects, STLC,V-V model methodology.
<b>Automation Tools</b>	Selenium Test Suit(IDE,GRID,WebDriver) ,QTP 11.5(HP UFT).
<b>Languages/scripting Languages</b>	Java and VB Script.
<b>Databases</b>	MySQL,Oracle,SQL server 2008/12/14.

**Professional Experience****Starsun Technology Pvt. Ltd, Pune (<http://www.starsun.in>)****Software Test Engineer****May 2015 – Till Date**

Starsun Technology is one of the leading providers of information technology services and business solutions with a proven track record since 2007. We have been consistently adding value to the business bottom line of our clientele. Starsun Technology serves clients in India and the Middle East and takes pride in having a sustained business relationship with its clients through its project delivery and support engagements of high order.

**Project 1:****Clinical Practices Automation:**

Clinical Practices Automation is a on line web based application which is basically provides some services to both the clinic as well as patient through various way like Setting up your Clinic, Basic Billing and Accountings, Patient Notes &Transactions, Patient History management and Reports generation .It also facilitates the integration of insurance companies and pharmacies. The highlighted feature of CPM is it stream lines the patient scheduling. The project can be used by a single clinic or can be used as a CPA canter in which multiple clinics can be enrolled.

**Technology:-** CoreJava, Hybernate, Oracle.

**Responsibilities:**

- ❖ Analyzing Requirements/Functional Specifications for the Project, understanding the key features & implementation details

- 
- ❖ Performing the sanity testing and Report the status to TL
  - ❖ Perform Regression testing and upload the bugs in Bugzilla
  - ❖ Identify the test cases needs to automated
  - ❖ Develop the scripts by using TestNG with Webdriver
  - ❖ Execute the scripts on the new build
  - ❖ Analyze the changes in the new build and update it accordingly
  - ❖ Capture all the results in a new folder
  - ❖ Analyze the Results
  - ❖ Report the Bugs
  - ❖ Keeping track of Hardware and software requirements for the Test Environment.
  - ❖ Frequent status check with the Team Lead to ensure timely delivery of different milestones.

**Advantages:**

- ❖ It provides Patients whole history right from the beginning.
- ❖ Doctors can easily check patient's history using his name and Unique Id.
- ❖ It also facilitates the integration of insurance companies and pharmacies.
- ❖ We can use this for multiple hospitals.

**Project2:****Next Generation Education Management Platform**

---

It is Desktop application developed for one School for managing integration with students, teachers and parents. In this technology is used to manage follow up of each and every student. Apart from this parents of every students are get attached with college faculty through mails and SMS. The parents get invited for every event or ceremony of college through personal invitation. The module also includes all the academic details of each and every student, so that parents can easily access it.

**Technologies used:**

CoreJava, Hybernate, MySQL.

**Working of utility:**

In this application the process start right from student registration to leave. When student takes admission into the school he will registered all with parents details like name, contact(cell phone, email(Optional),Address),Occupation for scholarship. Then it is assigned to the respective faculty for further updates. The daily In and Out time is send as text msgs to the respective parents. The parents can receive their childs day to day progress with emails. So it works as interface for parent, student and faculty.

**Responsibilities:**

- ❖ Analyzing Requirements/Functional Specifications for the Project, understanding the key features & implementation details
- ❖ Preparation of Test Plan Document, Test Strategy Document and Test Cases for the Project.
- ❖ Provide Test case review to client and Development team
- ❖ Test Cases execution.
- ❖ Coordination with Development team through emails & voice calls.

**Advantages:**

- ❖ It will provide reliable communication between parenrs and faculty.
- ❖ School Management can easily invite parents for any event.
- ❖ Parents can easily trace their students day to day progress.
- ❖ Faculty can easily check students history.

**Project3:****Cool Cab Service System:**

---

To achieve redundancy and time complexity in Cab services and also remove deadlock in this service system, vehicles are well maintained and tested for delivering optimum and uninterrupted performance. Team of professionals in the travel business enables this system to design trips that suits to all budgets and preferences of the travelers. In addition, workforce including drivers and administrative staff are well trained to discharge their duties with a lot of efficiency.

**Technologies used:**

## RESUME

Nilesh Shanatram Pawade

ASP.Net(Using VB), MySQL.

### Responsibilities:

- ❖ Analyzing Requirements/Functional Specifications for the Project, understanding the key features & implementation details
- ❖ Preparation of Test Plan Document, Test Strategy Document and Test Cases for the Project.
- ❖ Provide Test case review to client and Development team
- ❖ Test Cases execution.
- ❖ Coordination with Development team through emails & voice calls.

### Awards Won:

First prize at Tehsil level for clean hand-writing.

Ranked second in BE at JCOE,Kuran.

### Educational Qualifications :

Examination	Institute/University	Year of Passing	Class	% of Marks
BE Computer	Pune University	2014	Distinction	74.07
Diploma	MSBTE	2011	Distinction	84.48
H.S.C.	Maharashtra Board	2008	Higher Second Class	55.17
S.S.C.	Maharashtra Board	2006	First Class	68.80

### Personal Information:

Name	Mr. Nilesh Shantaram Pawade
Date of Birth	29/05/1990
Contact	+91-9766198680
Email	nspawade74@gmail.com
Address	Flat no 10,New classic heights, Near Khushoo hotel, Balajinagar, Dhankawadi, Pune 411046
Gender	Male
Extra Curricular Activities	Participated in all sports at college level. Worked as Class Representative in college.
Marital Status	Single
Nationality	Indian
Languages	English, Marathi, Hindi.
Abilities	Analogical and Analytical Thinking Passion for learning new things and hard worker Never Die Approach Comprehensive problem solving abilities
Current CTC	2.4LPA
Expected CTC	As per your industry standards
Notice Period	20-30 Days

I consider myself familiar with Information Technology aspects. I am also confident of my ability to work in a team. I hereby declare that the information furnished above is true to the best of my knowledge.
