CAREER HIGHLIGHTS

Quality Kiosk Technologies Pvt Ltd	Oct-2016 to April-2017
---	-------------------------------

Project Experience:

1 Title: Aegon Religare

- **Client:** Aegon Life Insurance
- **Tools:** Future First Asia

Objective:

Aegon Life Insurance Company Limited (formerly Aegon Religare Life Insurance Company Limited) launched its pan-India operations in July, 2008 following a multi-channel distribution strategy with a vision to help people plan their life better. The fulfillment of this vision is based upon having a complete product suite, providing customised advice and enhancing the overall customer experience. Aegon, an international provider of life insurance, pensions and asset management and Bennett, Coleman & Company, India's leading media conglomerate, have come together to launch Aegon Life Insurance. This joint venture adopts a local approach with the power of global expertise to launch products that are focused on providing customers with the means to meeting their long-term financial goals. The company is headquartered in Mumbai serving over 4.4 lakh customers across India.

Role: Test Engineer

• **Key Responsibilities:**

- ☐ Understanding the Business/Functional requirement of the client.
- ☐ Involved in identifying test scenarios and writing test cases.
- ☐ Performed Functional, Integration, and Regression testing of the application.
- ☐ Involved in Test Execution of Functional, Usability and System testing.
- ☐ Training newly joined team.
