-

PROJECT DETAILS

Mega project

- Title : "TRANS-SAFE VEHICLE"
 - Description : To avoid overloading, medical and safety related problems on the Public Transport like Buses we took this mega project with the help of Microcontroller, Visitor counter, Laser, GSM, Buzzer, LCD, switches etc. In that laser and switches play a major role, if the count of people is exceed by the minimum value then buzzer will be on and message will be shown on the LED. Two switches are used for medical and safety related emergency, if emergency occur person can press the switch according to the situation and message will be sent to the ambulance or police by GSM.
-

QUALIFICATION DETAILS
