## PERSONAL DETAILS

- Name : Shilpi Kumari
  - Father's Name : Bidya Nand Prasad
  - Mother's Name : Maya Devi
  - Nationality : Indian
  - Languages Known: English, Hindi.
  - Address: Btm 2<sup>nd</sup> stage, near shopper stop, 1<sup>st</sup> main, 2<sup>nd</sup> cross, Bangalore, Karnataka, pin-560076.
- 

**As a Part of Training at QSpiders I was involved in following Project:**

### # Project 1

**Project name- Hike Testing**

**Duration- 10 days**

**Hike** is a text messenger application developed in India. It has different features like it supports two way chat themes that a user can change according to their relationship with person or their mood. Apart from basic social messaging means like photos, videos, emoticons and audio files, hike has graphical stickers too which are customized mainly for Indian users. Hike also has video calling feature for its users. Hike Direct feature allows users to share messages and files without any kind of data charges within a radius of 100metres. Hidden mode allows users to hide individual and group chats providing extended privacy. In addition to this Hike also has a backup feature for text messages, photos and video files.

### # Project 2

**Project name- Compatibility Testing**

**Duration- 5 days**

A Compatibility Testing Project on Different E-commerce web based application. Online Shopping in a form of electronic commerce which allows consumers to buy goods and services from a seller through internet using web, mobile application browser. Consumer find a product of interest by visiting the sight of the retailer directly or by searching among alternative vendors by using shopping application which display product availability and search pricing at different retailer. Web application like- Mirrow.com, Flipkart.com, Paytm.

## Roles and Responsibilities:

- Involved in writing Test Scenarios, Test case, Reviewing and Executing Test cases.
  - Involved in testing the application using Black Box techniques like Functional Testing, Integration Testing, End to End Testing, Adhoc Testing, Exploratory Testing and Smoke Testing.
  - Involved in testing the application in different Mobile devices, in different Operating Systems Versions, RAM, Screen size, System on Chip to check the compatibility of the application.
  - Involved in Regression testing and retesting for the new builds.
  - Involved in logging the defect in Defect Tracking Tool called JIRA.
- 

## Academic Project and Seminar:-

- **Major Project - Employee Management System**, it will allow to better manage resources. One of the main feature of the employee management system is time tracking for employee. By using this we can easily maintain the record for ON and OFF employee.
  - **Minor Project - Online Banking System**, this application got developed for safe and secure hyperspace bank solution.
  - **Seminar - E-ball Technology**, it is sphere shaped pc which is smallest design among all the laptop and desktop.
- 

## Declaration:-

I hereby declare that the above information furnished is true to the best of my knowledge and belief.
