Academic Projects:**1) TYBSC(IT):-**

Project Name : CD Shoppe Store Management System
Team Size : 1
Role Played : Designer, Developer, Tester
Language : .Net with C#
Database : MS SQL Server

Objective of the project is to computerize the system of the CD Shoppe .To make the current manual system into computerized system which will be more effective to use. Traditional process was manual and time consuming .So this new system will reduce the paper work and also reduce manual work which ultimately require less time, more secure too. So the entire process will become faster.

2) MCA (Sem-4):-

Project Name : Online Quiz System
Team Size : 1
Role Played : Designer, Developer, Tester
Language : HTML and PHP
Database : MySQL

Objective of the project is to reduce the hectic job of assessing the answers given by the candidates manually. It will reduce paper work. Also allow faculty to create tests and answer key. The result will be shown immediately to the participating user. As well as it allows teachers to create their own tests.

Work Experience:

1) Internship:-

Organization : - **OneRoof Technologies LLP**
