ACCOMPLISHED IT PROFESSIONAL

Software Testing ~Project Execution & Coordination

Profile Summary

- Accomplished and result oriented professional with **nearly 3 years** of experience in Software / Manual & Automated Testing, etc. with thorough understanding in HP Quality Centre
- Skilled at carrying out manual / regression / integration / Automation / functional acceptance testing for completion of projects like **E – Banking, Grisbi Easy Personal Finance Manager and Electronics World**
- Proficient at designing automated suitable test cases & developing QTP test scripts for Regression Testing
- Possess good understanding of SQL
- In-depth knowledge of Software Development Life Cycle, Software Testing Life Cycle, Defect Life Cycle, Bug Reporting and HP Quality Centre
- Expertise in end-to-end implementation of various projects including designing, development, coding & implementation of software applications
- Abilities in software testing including setting up of test environment, creation of scripts / cases and execution of component

Core Competencies

~Software Testing

~Requirement Gathering

~Quality Assurance

~Documentation & Reporting

Organisational Experience

Since 19th Aug '14 with RSI, Hyderabad Till- Date as Test Engineer

Key Result Areas:

Software Testing

- Designing test strategy, developing plans and approving cases while scheduling project for releases in coordination with project managers and clients
- Preparing test plans / cases while writing test scenario, reviewing, running and generating test reports
- Experience in Defect Life Cycle and Bug Reporting.
- A thorough understanding in HP Quality Center.
- Training the new members in the team and getting them productive quickly.

Accomplishments:

- Acknowledged as Employee of the Month for pulling a crucial project 15 days ahead of delivery time in Jun'15
- Played a key role in taking effective measures to enhance software engineering processes to reduce the number of faults by 20% **E – Banking** while delivering the software
- Undertook initiatives in phase Test Plan stage to ensure that effective test documentation was in place
- Recognised for sharing suggestions to enhance or improve application performance by 70% **Grisbi Easy Personal Finance Manager**
- Took several measures such as Changes in Functionality to ensure that applications are in line with requirements specified by clients
- Overcame several challenges during the completion of **Electronics World** project by taking standard measures

Certification & Education

2010 PGDIPLOMA from Swinburne University of Technology, Melbourne From 2008-2014 with 60%

2007 B.E. (E.C.E) from Adhiparasakthi College of Engineering, Melmaruvathur with 65%

- Completed Testing Certification Course: ISTQB (Foundation Level) Certified Professional in 2014

Other Achievement

- Recognized as winner of state level paper presentation competition on the topic Robotics in Apr'06

IT Skills

- Well versed with:
 - Languages: C
 - Environment: Windows XP, Windows Vista & Linux
 - Tools: Quality Center, Quick Test Pro & LoadRunner
 - Databases: SQL

ANNEXURE

MAJOR PROJECTS HANDLED

Title: E – Banking
Client: Nirya Soft Solutions
Testing Approach: Manual & Automation Testing
Front End: HTML, Java Script, JSP & Java Bean
Back End: Oracle8
