Career Objective

- A budding professional with B.E (Electrical and Electronics Engineering) from Jaya engineering College 2017 batch (completed) with 75% marks.
- Proficient in designing, implementing, maintaining and improving electrical instruments, equipment, facilities, components, products, and systems.

Basic academic credentials

- **B.E**(Electrical & Electronics Engineering) in Jaya engineering college with cgpa 75%
- Class 12th from Jaya matriculation Hr. sec. school in 2013 secured 73%
- Class 10th from Jaya matriculation Hr. sec. school in 2011 secured 83%

Technical Expertise

- Core java
- Dotnet
- Jsf/jsp/hibernate
- C/C++

Industrial exposure

- Company name : Royal Enfield
- Designation : Trainee
- Objective : Internship training over 6 months in period of (Dec 2016 - Apr 2017)

Trainings undertaken

- Hcl
- Oneyess tech
- Ashok Leyland
- Royal Enfield

Project details

Project title: SMART OVER HEAD TANK CONTROLLER

Project description: This paper describes the design and development process of an automatic control system for water tanks using Ultrasonic water level sensor which can save wastage of water without the presence of any operator physically.

Certifications

- AUTO CAD in Electrical
- Oracle certified java SE8
- Certification in web component development with servlet and JSP
- Certification in JSF,HIBERNATE, and SPRING in JAVA EE

Leadership Activities and Awards

- Leadership quality Served as key member of National service scheme for 3consecutive years
- Served as coordinator of college Fest- “JOLTEON 2014”
- Secured 4th place in National level chess competition
- Secured 10th place in district level chess competition

Personal Details

- **Date of Birth:** 08/08/1995
- **Languages known :** English,Tamil,Hindi
- **Father name:** R.Venkatesan
- **Passport Details:** M7323856
- **Address:** No. 471,thirumalai nagar, near jaya engineering college **Thiruninravur-602024**
