**Project:**

**Name:** AUTOMATED TRAINING AND PLACEMENT SYSTEM.

**Duration:** 8 months.

**Description:** Designed and successfully executed 'AUTOMATED AND TRAINING PLACEMENT SYSTEM' for the college regarding the training and placement cell. Since the staff had to manage the data of the students manually regarding their placements, it was a tedious job and could have led to misplacement of data if not handled properly, so to avoid such kind of errors we came up with the idea hence improving my database and javascript knowledge.
