Work Experience

IL&FS Education

Oct 2015 to till date, UI/UX Designer

I am working on **Geneo** application and **Exploriments** these are related to education.

Tata Interactive Systems.

April 2015 to Oct 2015, Lead Graphic Designer

I worked on e-learning courses and presentations PPT and create infographics.

Notable clients: TCS, PepsiCo, World Bank.

L7 Software Pvt. Ltd.

May 2014 to Feb 2015, UI/UX Designer

After deciding to join L7 Software as a full time employee, I continued work on Desktop, Mobile applications. I can't say too much about it, but mention the general idea. I was the sole user experience designer on the project and was responsible for:

- Ensuring the quality of the UX through regular bug bash-style reviews and Conceptual planning of future UX directions.
- Defining feature and common experiences, using established as well as entirely new patterns and paradigms.
- Designing and implementing mockups of the product.
- Some projects are Globex Ticker, docxdrive, TMS, HRMS, Kailash Parbat Restaurant: kailashparbat.co.uk and aaloo.in
- Most recently, I have been working on Kailash Parbat Restaurant mobile app and Royalista a banquet hall website design.

Aim Global Solutions Ltd.

May 2008 to April 2014, Sr. UI/UX Designer

As a hybrid designer, I worked on a variety of web projects for local and national clients. Interpreting Free Hand-designed layouts, creating concepts, production and webmaster tasks were all my responsibility. For instance:

- Developed a prototype of large parts of the System Center UX Framework, which allowed the design team to more effectively specify interaction details and led to a significantly higher-fidelity final product.
- Designed, lab-tested and wrote extensive guidelines for a Setup experience used (so far) for the 2009 to 2013 release versions of these [paletly.com](#) and [vhue.co](#)
- As lead designer on the [happy-tripping.com](#) project, I drove the UX Part, visual design of a modular.
- Explored of issues in creating an experience for both the desktop and web platforms, some are:
