

# Shubhada Vijay Savale

**Email id:** savaleshubhada@gmail.com

**Mobile Number:** 9930614822

**Birth Date:** 26/12/1994

**Address:** 2c/20, Sadguru Co-operative Housing Society, Sector10, Koperkhairne, Navi Mumbai.

**Career Objective:** To procure an entry-level position in an IT Software MNC and to grow professionally as a Software Developer or Tester with potential for advancement.

## **Educational Details:**

- Pursuing Bachelor of Engineering (B.E) in Computer Engineering from Pillai's College of Engineering affiliated to the University of Mumbai.
- **Detailed Semester results:**

Semester	Month & Year of Passing	SGPI	CGPA
VII	December 2016	8.36	7.3
VI	May 2016	8.08	
V	December 2015	7.00	
IV	May 2015	6.89	
III	December 2014	7.36	
II	May 2014	7.00	
I	December 2013	6.33	

- **HSC & SSC Examination Details:**

	Board	College/School	Year of Passing	Percentage
HSC	Maharashtra State Board	St. Mary's Junior College	February 2013	68.67
SSC	Maharashtra State Board	St. Mary's Multipurpose High School	March 2011	82.18

## **Academic Projects:**

- **Final Year (B.E) Project:**

Project Title: Object based Augmented Reality

Abstract: The application displays augmented objects on top of visual markers (QR Code). It is a camera application detects, decodes, and augments QR Codes. It is doing this by introducing augmented reality for restaurants by bringing menu cards to life. The diners going to the restaurants can have interactive dining experience with the help of augmented reality app. This augmented reality menu cards looks normal from a distance, but when a smartphone is presented before them, they become alive.

Objective: Develop and implement Smartphone AR mobile application by given information about the local objects which are in the vicinity of the current product. The scanner will scan the product and will give a 3-D image of an object.

Scope: The project enables people to see the augmented image of the dish. This system will allow user to visualize objects in a more direct and interactive way. A basic feature of the AR application is to scan the QR code which will connect to the database, thus retrieving the data from database and displaying the required image to the user.

## **Technical Skills:**

Programming Languages:

- Java
- C

## **Courses Completed:**

- Course on Oracle Certified Professional, Java Programmer (OCPJP) for 1Z0-851 (Version 6) from Study Circle, Vashi in 2016. (OCPJP trained Person, will give exam soon).

## **Extra-Curricular Achievements:**

- Secured first prize in intra-school relays competition held in 2008.
- Secured first prize in intra-school kho-kho competition held in 2007.
- Secured first prize in intra-school carrom competition held in 2007.

## **Personal Information:**

Languages known: English, Hindi, Marathi.

Hobbies and Interests: Travelling, listening to music, rangoli making, cooking.
