Project during SEED Course:

Project Title:	Orange HRM 2.5
Tools	Test Link, Bugzilla, Selenium
Role	Team Leader
Description: <ul style="list-style-type: none">Analyze the Requirements.Writing Test scenario and Test Cases.Creation of RTM.Test Case implementation.Test Case Execution (Manual Testing as well as Automation Testing).Defect Reporting.	

Academic Project: Major Project

Project Title	Secure Sharing of Personal Health Record (PHR) in Cloud Computing
Duration	8 months
Software Requirements:	ASP.net, SQL Server
Hardware requirement:	RAM:256MB and Above, Processor: Intel Core series @ 2.27GHz, Disk Space: 2GB
Description:	The Motivation behind developing this project is the secure sharing of PHR record. This project gives the review that stores the PHR record on cloud server and security is provided to each and every record by using cryptography technique (like private and public key algorithm). By dividing the user of PHR system in public and private domains it reduces the key management complexity for owners and users. Also by using ABE (Attribute Based Encryption) scheme the security is stronger.

Academic Seminar:

Seminar Title:	Wireless Data Center Networking (WCN)
Description:	Data centers play a key role in the expansion of cloud computing. However, the efficiency of data center networks are limited by oversubscription. A hybrid Ethernet/wireless DCN architecture and a mechanism to dynamically schedule wireless transmissions based on traffic demands.

Extra Curricular:

- ◆ **Participated in** Cloud Computing Workshop at SRES COE Kopargaon (2013-14).
- ◆ **Participated in** Entrepreneurship Awareness Program at SRES COE Kopargaon (2013-14).
- ◆ **Participated in** State level Paper Presentation at MET Nashik (2013-14).
