- Excellent in developing frame work
- In depth knowledge on core java
- Extensively worked with ANT and configuring it using build.xml
- Extensively worked with Junit
- Developing properties files and reading the content from properties files
- Reading data from excel using POI API
- Generating html based reports
- Identifying objects based on xpaths, id, name etc.
- Handling multiple browsers, alert boxes etc.
- Analyzing html reports
- Developing bat files for the project
- Giving code walk through to the new joiners.
- Handling exceptions and performing RCA in the project.

Certification Course –
Completed software testing course from **Testing Campus**

Duration: 6 months

Got trained on following technologies –
- Manual Testing
- Automation Testing (Selenium 2 with core java)
- SQL
- Agile

Project Details –

Project Name   : DemoCRM
Technology   : Php, Ajax, MySQL, Tomcat etc.
Architecture Type : MVC
Team Size   : 4
Process Type   : Agile scrum process
Duration   : 4 months
Description –
It is a web based application designed and developed to perform marketing in an efficient manner. It helps to manage and maintain leads, billing of the customer, performing email campaigns and measuring its efficiency, generating reports to analyze sales forecast, maintaining inventory and purchase entry details. It is a complete CMS designed to be modified as per the customers need. In simple words, it is one stop shop to help customer to do his marketing and sales in the efficient manner.

Roles and Responsibilities –
- Write/review/execute test cases
- Performing functional testing, integration testing, system testing.
- Performing exploratory testing
- Writing test plan
- Reporting defect using defect tracking tool
- Preparing traceability matrix
- Developing hybrid frame work using selenium 2
- Integrating frame work with ANT to generate html based reports
- Developing build.xml to configure ANT
- Integrating Junit for executing the test in selenium
- Developed properties file to store xpaths of the object
- Reading data from excel files by using POI API
- Handling exceptions in an efficient way

- Developing bat files for executing the test
- Matching the execution speed of selenium with the application using implicitly wait statements
- Understanding requirement and then identifying scenarios
- Preparing and updating STCM
- Attending daily standup meetings
- Validating data in the back end data base using SQL
- Giving KT to new joiners.

Qualification –
Completed **B.E** from Mumbai university with very good aggregate.
Year of Passing : 2016

Personal details -

Date of Birth **:** 12th February 1994

Gender **:** Female

Religious **:** Hindu

Marital status **:** Single

Nationality **:** Indian

Languages Known : English, Marathi and Hindi

DECLARATION

I hereby declare that the above mentioned particulars are true to the best of my knowledge and looking forward for me to be with you to achieve the goals that lies in our path.

Place : VIRAR

Date: **Siddhi R. Raut.**
