Professional Experience

QA Engineer **Transven Lifestyle management Pvt Ltd.** **Dec '15 – May '17**

Projects:

Radius7 - It is round the clock personal concierge app that brings the power and convenience of a luxurious lifestyle at a phone's tap.

Responsibilities –
Performing Unit, Functional and Regression testing, Mobile App Testing (Android & iOS) , Web testing on Radius7 application using both automated and manual testing methods. Involved in writing the test cases using Functional Specifications.
Interacted with developers, and various members of my team to discuss and to resolve defects and their priorities. Performed functional, Platform and End-to-End testing. Providing Screenshots to identify & reproduce the bugs.

Vertical Edges - Vertical Edges is a property management company website. Their mission is to deliver a simple and efficient rental experience that everyone can trust, empowering homeowners to focus on growing with us while enabling renters to shape what they call home. They are working to do just that.

Responsibilities –
Website testing using manual testing methodology. Involved in writing the test cases using Functional Specifications. Providing Screenshots to identify & reproduce the bugs.

Computer Proficiency

Operating Systems

Windows, Linux

Programming Languages

C, C++, VB .NET, Java

Specialization

HP Unified Functional Testing (**UFT**), HP Application Lifecycle Management (**ALM**), HP Load Runner, Microsoft Excel, Manual Testing and Automation Testing.

Project Profile

Orange HRM testing

As a part of my software testing specialization course, I performed end-to-end testing of internal website implementation of Orange HRM (http://www.orangehrm.com/). I was responsible for Manual Testing for the website as well as Automation Testing using HP - UFT.

E-Voting using Cloud Computing

As a part of my engineering curriculum I co-created an e-voting web application to enable public voting via the internet. The application was designed to work with multiple cloud computing platforms like Amazon EC2, Microsoft Azure and Google App Engine.

Hobbies and Interests

Watching Cricket

Listening Music
