Deshpande Ameya Pramod Sulekha

Email:-deshpande9.ameya@gmail.com   Phone:9702501133 , 022-28518322

Address:E-505,Akruti Orchid Park, behind Vijay print bus stop,

Kurla road ,Sakinaka.Mumbai-400072.

Objective:

Want a job full time and trained on the job preferred than off the job related to software testing and management.

Experience:

1.Currently working with Evolvexl as HR Recruiter from 29th February 2017 to till date.

- Searching location addresses, bus to visit the place,searching walking distance online before travelling to give invoices to various companies.
- Recording on excel sheets & excel google sheets & editing in ms word in applicants cvs.
- Sending emails .
- Chatting if needed.
- Sending sms by way2sms or mobile to give the company address.
- Filling job applicant forms online on zubbern job portal & uploading cvs so indirectly we come across bugs in the website and which value to input in text box since mandatory in which format for form to accept .Some times we have to again fill the form manually due to defects and also come across other problems.
- Posting job ad on quicker & other job portals.
- Depositing Cheques in banks.
- Doing any office work needed in the office & outside like checking why the pc is not working.
- Calling on data provided from job portals to line up applicants for interview & receiving calls.

2. Gniit of niit

- Aware of testing which includes how to write test cases,test scenarios,test plan,defect tracking tool like jira,automation tool like SeleniumIDE, and few other tools.
- Got good marks in many computer languages like java,.net,data warehouse like sqlserver,professional skills,software testing subjects, projects like snake and ladder game, assignments like jeanstation or jeans selling website,aptitude tests and small software that were made.

3. BMS or management degree practical.

- Had IT subject consisting of ms-office,html at BMS degree.
