Project 1 – Mobile App Testing

Jabong

- Jabong Is an e-commerce application where customers can buy products.
- I tested the critical features like Shoes and All shoes feature in Men's and Women's section.
- I Found the critical and major bugs in the similar modules.
- That app was not having "Cancel Order" option/feature, so I raised it as RFE.

Roles and Responsibilities

- I did thorough system study and understood the requirement.
- Identified scenarios
- Preformed Functional Testing, Integration Testing, Smoke Testing, Compatibility testing and System Testing.
- Identified defects and tracked it using Jira.
