DIPALI SHANTARAM DUMBRE

_____

OBJECTIVE

Seeking challenging opportunity as a Software Test Engineer with strong academic background, excellent communication and knowledge of software testing principals

EDUCATIONAL QUALIFICATION

- Bachelor of Engineering in Electronics from D.Y. Patil, Pune University with 61% (2015)
- Diploma in Electronics from S.N.D.T University with 79%(2009)
- SSC from Maharashtra State Board with 70.66% (2003)

FINAL YEAR ACADEMIC PROJECT

Project Name: **PLUMBOAT**

- Plum boat is a robot which is specially designed to detect the cracks and leakage in the underground pipe.
- Leaky water pipes pose serious problems for cities, as it leads to the loss of roughly a billion litres of clean drinking water every day.
- The main purpose is water-management. Due to underground water leakages, water gets wasted on a large amount.
- To avoid these problems, we have designed a robot which will sense the parameter such as water leakage, gas leakage or the noise generated in the pipe.
- It helps us to find the exact location of the leakage thus avoiding the dig up of entire length of the pipe.

CERTIFICATION COURSE

SEED Certified Technology Specialist - Software Testing
- This course covers software testing lifecycle in terms of understanding the software application requirements, designing and executing the test cases for the same and defect management.
- It also covers usage of different testing tools.
- Following are the key concepts included in this course:

    - C and SQL, Quantitative Aptitude
    - Manual Testing
    - Automation Testing
    - Test Management Tool- TestLink (V1.8.4), Application Lifecycle Management (V11.52)
    - Selenium IDE (V1.0.2)
    - Unified Functional Testing (V11.5)
    - Bugzilla (V3.4.4)
    - Load Runner (V11.52)

PROJECT ON ORANGE HRM

o **Project Name**: Orange HRM o **Features**: Orange HRM is a Human Resource Management System that offers wealth of modules to suit the needs of your business and is used by many companies.
o **Roles and Responsibility**
  - To read all the documents and understand what needs to be tested
  - Based on the information procured in the above step decide how it is to be tested
  - Develop test cases and prioritize testing activities
  - Execute all the test case and report defects, define severity and priority for each defect

PERSONAL INFORMATION

Date of Birth : -   02/11/1987
Sex   : -   Female
Marital Status : -   Married
Location   : -   Vile Parle (Mumbai)
