👤 Profile

At Present, I am pursuing Master's degree in Informatics at Kaunas University of Technology, Kaunas, Lithuania. Within this program, I am focusing my studies on the theory of Software Project Management, Security Technology and Research Project. My research experience has sparked my interest in the Cloud Computing Project which I am doing in my master thesis. I am going to do Cloud security project on "Cloud Fragmented Storage with Multi-Encode and Multi-Threaded Header Lookup".

💼 Work Experiance

Tomas Bata University Zlin Czech Republic	**Robotics and AI Researcher** Analysis of simple industrial problem and its implementation using robotics system based on Lego Mindstorms	**06/2016 – 08/2016**
Execute IT Solution Nashik India	**Trainee Software Developer** Designing and Developing software systems, Reviewing current systems, presenting ideas for system improvements	**12/2013 – 05/2014**
Master Thesis Project Kaunas Lithunia	**Cloud Fragmented Storage with Multi-Encode and Multi-Threaded Header Lookup** Focus of this project use of multi-encoding, data security and reduce security risks and affect the cloud computing user using Multi-Threading and AES (Advance Encryption Standard) algorithm. We are following in Java and JQuery for encryption moreover, system is built in Java EE (Enterprise Edition 8.0) and latest Materialize responsive UI in html + JQ.	**09/2015 - present**

🎓 Education

Kaunas University of Technology Kaunas Lithuania	**Master's Degree in Informatics** Algorithms and Data Structure, Content Distributed System, Information Technology Project Management, Virtual Reality Modelling, Applied Cryptography, Digital Image and Sound Processing, Cloud Computing Services, Multimedia Technologies for Mobile Devices	**09/2015 - present**

🎓 Education

Brahma Valley College of Engineering & Research Institute, (Pune University) Nashik India	**Bachelor Degree in Computer Engineering**	**07/2010 – 06/2014**

Design and Analysis of Algorithm, Principle of Compiler Design, Object Oriented and Modelling Design, Software Architecture, Software Testing and Quality Assurance, Distributed Operating system, Advance Computer Architecture, Advance Database, Cloud Computing

Brahma Valley College of Polytechnic, (Maharashtra State Board of Technical Education) Nashik India	**Diploma in Information Technology**	**07/2007 – 10/2010**

Object oriented modeling and Design, Data communication and Networking, Java programming, Management, Industrial project, Operating system, Software engineering, Microprocessor, Database Management System, Web Page designing, C programming
